

2014 ANNUAL REPORT

A HORSE CAN CHANGE A LIFE

Our horses help people overcome the challenges of living with a disability or special need. Weakness becomes strength. Frustration turns into motivation. Sadness changes to hope. And uncertainty grows into confidence. It is the intuitive power of our horses that transforms the lives of everyone who enters our doors.

*Donny first came to Fieldstone Farm as part of an Ohio Military Kids retreat. His father has been stationed abroad several times recently. He loved the horses so much that he now comes for lessons on Fridays, and volunteers on Saturdays. On the cover, Donny gives Jackson, his favorite horse, a big hug.*

Dear Friends,

Like any strong organization, we always look for ways to improve and, in our case, to engage with a broader base of needs in our community. In 2014, we doubled the number of veteran participants and have added new programs specific to their needs. We are proud to have served 110 veterans this past year. This increase has also allowed us to conduct veterans-related research that has helped us to improve future programming.

Our Board of Trustees also looked for ways to better connect the boardroom to the barn. This past fall, several trustees spent time in the barn volunteering to simulate some of the conditions that our participants deal with, while others served as their assistants and volunteer helpers. This “hands-on” experience was enlightening as many of the trustees are not from the equine world. It heightened their respect for our students, their families, the horses, our volunteers and the staff, which will enable the trustees to better serve in their roles in the future as the governing body of our program.

You, too, are a key part of our ability to serve our students in the most impactful manner possible. Great support was surely felt as a 600-person sellout crowd attended our fourth annual Chefs Unbridled event in September. While the real victory was netting nearly \$200,000 for Fieldstone Farm, the event garnered the honor of being a Black Tie Award winner, which means it is one of Northeast Ohio’s top 15 benefits of the year as recognized by *Currents* magazine.

Looking toward the future, our endowment campaign remains a high priority as we work to sustain Fieldstone Farm in the years to come. We are nearing 90 percent of our \$3 million goal.

For your past, ongoing and future involvement and spirit that lifts this organization to new heights each year, we are deeply appreciative!

Sincerely,

Allen Wiant  
President, Board of Trustees

*“Being around horses and the farm transformed our students. They had a different energy. They were respectful and gentle with the horses and so proud of learning to ride.”*

– Amy Btiebet, Open Doors Academy

Our partnership with Open Doors Academy continues to grow. This summer they will bring 40 students from the inner-city to interact and learn from our therapy horses. Their experiences with horses help the teens build confidence, trust, respect and so much more.

*“Audrey has made amazing progress since she started riding. She used to speak in one or two word sentences and now she can sing songs and string five and six words together.”*

– Susan, Audrey’s mom, who also is an occupational therapist

Audrey came to Fieldstone Farm because her speech therapist and her mom thought riding would help her gain the core strength to better express herself verbally. And while her speech has improved dramatically, she is also realizing other goals in socialization, independence and coordination.

*“The girls are very good friends. When I see them laugh together and have fun it is such a pleasure.*

*Katherine can’t wait for Wednesdays. Riding is the highlight of her week.”*

– Cheryl Devonshire, mother of Katherine (left) who has Down syndrome

Katherine started at Fieldstone Farm to help develop her social skills and overcome a fear of animals. She now has a great group of friends at the barn and is able to control her horse at a trot. She has gained confidence and trust which helps in all aspects of her life.

*“Supporting Fieldstone Farm fits squarely with our mission to improve the quality of life for children in Northeast Ohio. They provide a vital service to the community. I’m deeply moved when I see how they recognize the incredible achievements of these kids, achievements they thought they would never see.”*

– Ann Newman, Ronald McDonald House Charities® of Northeastern Ohio, Inc.

In the last 20 years, RMHC-NEO has donated well over \$100,000 to fund special equipment used to keep children safe, comfortable and challenged. Bridles, saddles, helmets, puzzles, cones and poles, all have been purchased thanks to RMHC-NEO.

*“Horses will be in my life forever. I know that for sure. They helped me get through so much.”*

– James, a student at Gaitway High School

When James started at our alternative high school, Gaitway, three years ago he did not want to talk to anyone. But through the empathetic ears of our horses, he began to trust again. They understood him even though they could not speak. And when James was mad or sad, they comforted him. One horse helped him find amazing joy when he won first place in our horse show. “It was so awesome. I thought, I just did this!” he recalls with a big smile.

*“Walking through the doors of Fieldstone Farm is the best thing that has ever happened to me. I have never felt such compassion,” says Christine Thompson as her eyes well up.*

Christine came to the farm 11 years ago with her husband to help him heal from a traumatic brain injury. Her parents were volunteers at the time and they urged her to come. But this was just the beginning. A year after Paul started in the carriage driving program, she started riding to help manage her own multiple sclerosis. “I remember sobbing when I got off,” she said remembering how good it felt and how kind everyone was.

Since that time, Christine has become one of our most active volunteers and board members. She is driven to help Fieldstone Farm because it has meant so much to her and her family. She wants to help others feel the support she has felt over the years.

*Christine is among the more than 250 volunteers who come to the farm each week and make our programs possible. In 2014, our volunteers donated more than 20,000 hours of time equating to nearly half of a million dollars in service. We are grateful for all they do to improve the lives of our students and their families.*
