PHOTO RELEASE

For valuable consideration, the receipt of which from Fieldstone Farm Therapeutic Riding Center and PATH Intl. is hereby acknowledged, the undersigned hereby grants to Fieldstone Farm permission to take, or have taken, still and moving photographs, videos and films including television pictures of myself and/or the participant for use by Fieldstone Farm, its advertising agencies, news media, and any other persons involved with Fieldstone Farm and its programs including PATH Intl., to use and reproduce the photographs, films, videos and pictures and to circulate and publicize the same by any means deemed appropriate by Fieldstone Farm, including without limitation newspapers, television media, online media, brochures, pamphlets, magazines, instructional materials, books and clinical materials.

No inducements or promises have been made to me to secure my signature to this release other than the intention of Fieldstone Farm to use or cause to be used such photographs, films, videos and pictures for the primary purpose of promoting and aiding Fieldstone Farm and/or PATH Intl. and its programs.

RELEASE AND HOLD HARMLESS AGREEMENT

The undersigned agrees on behalf of himself/herself, the undersigned's minor child and/or the undersigned's representatives, heirs and assigns ("Releasing Parties") to the following:

A. Fieldstone Farm Therapeutic Riding Center ("Fieldstone Farm") has fully explained to him/her the risks involved with horseback riding, carriage driving, showing horses, horse-related activities and/or being in close proximity of horses. These risks include but are not limited to: 1. the propensity of a horse to behave in ways that may result in bodily injury; physical harm, permanent disability; death, or loss to persons around the horses, including without limitation, the rider, driver, handler; and spectator; 2. the unpredictability of horse's reaction to sound, sudden movement, unfamiliar objects, persons, or other animals, which reaction may include but is not limited to changing speed or direction at will, shifting its weight, bucking, rearing, kicking, biting, running from danger, stepping on a person's feet, pushing or shoving a person; 3. hazards, including but not limited to surface and subsurface conditions, 4. collision with another horse, animal, person or object; and 5.the potential of the Releasing Parties, or any other person involved in an equine activity to act in a negligent manner that may contribute to injury, death permanent disability, or loss to any of the Releasing Parties or the other persons, including, but not limited to failing to maintain control over a horse or failing to act within the ability of the participant. The Releasing Parties each further understands that the horse is a prey animal and regardless of its calm nature and training, the horse may revert to its natural instinct to fight or flee when frightened, which may result in injury, death, permanent disability, or loss to you or other persons. By signing this Release, the Releasing Parties each assumes all of the dangers and risks associated with horse activities and being in close proximity of horses, including those risks enumerated above.

B. In consideration of the privilege of riding, handling, and working around and being in close proximity to horses at Fieldstone Farm located at 16497 Snyder Rd., Chagrin Falls, Ohio, the Releasing Parties each releases, discharges and promises not to sue Fieldstone Farm, or any of it employees, officers, directors, trustees, members, volunteers, successors and assigns for any loss, damage, injury, including death or cost to any of the Releasing Parties or persons accompanying any of the Releasing Parties arising out of riding, handling or being in close proximity of horses and equine activities, including without limitation failing to wear a protective helmet and or use of saddles, bridles, helmets, equipment and gear provided by Fieldstone Farm or any other person or entity. The Releasing Parties also each agrees to discharge, release and promises not to sue Fieldstone Farm from any claim arising from Fieldstone Farm's training or selecting of the horses, maintenance, care, fit or adjustment of saddles or bridles, instruction on riding and related skills or leading or supervising Releasing Parties in his/her riding and other equine activities, including without limitation non-riding activities such as handling, bathing and grooming horses.

C. The Releasing Parties each agrees to indemnify and hold harmless Fieldstone Farm, its employees, volunteers, trustees, directors, officers, successors, assigns and students from and against any loss, liability, damage, expense or costs including attorney fees that it may incur or incurs arising out of or in any way connected with the Releasing Parties' participation in equestrian activities, including without limitation, handling or riding of horses or being in close proximity to a horse or due to the failure to wear a helmet when riding or handling and/ or use of saddles, bridles, equipment in connection with the equestrian activities. This indemnification provision shall survive the signing of this Release.

D. The Equine Liability Law, Ohio Revised Code Section 2305.321 generally states in part: *Equine (Horse) Activity Sponsor is not liable in damages in tort or other civil action or harm that and Equine Participant allegedly sustains during an equine activity and that results from inherent risk of equine activity.*

SEIZURE EVALUATION FORM

If the participant has experienced seizure activity within the past 12 months, the following form in its entirety is required.

Participants are encouraged to consult with their physician when completing the following:

Instructions: Please complete this form including **as much information as possible**. Since riding and working around horses is a risk activity, conditions that increase that risk are carefully analyzed. The safety of all participants, volunteers, and horses is considered.

Seizure paperwork must be completed every 6 months for all participants who have had a seizure or seizure activity in the calendar year. Seizure paperwork must be completed annually for all participants who have had a seizure or seizure activity more than 12 months ago.
